

NORTH FORK AMERICAN

1 day trips, 9 miles, Class IV+, April to June

Plus 1 & 2 day South Fork/ North Fork Combination trips

The jewel of the Northern Sierra, the North Fork plunges free and natural through a deep and spectacular wilderness gorge. Almost five miles of non-stop Class IV rapids, including "Chamberlain Falls" and "Staircase Falls", are encountered before stopping for lunch by a delightful creek. After lunch the river mellows somewhat giving you the opportunity to take in the wonderful magnificence of this Sierra paradise.

The North Fork is an incredible one day run but we also highly recommend our two day South Fork/North Fork Combo which begins with a warm-up run on the Class III South Fork before moving on to the second day challenge of the Class IV+ North Fork. Two nights camping at our South Fork Camp is included with five meals. Check out our new 1 day SF-NF Combos rafting 2 rivers in one day.

The North Fork is a technical and demanding run, a favorite for veterans of the South and Middle Forks of the American. Wets suits are essential on this Spring run, which EarthTrek can rent for a modest fee.
